Further Resources

Resources for the learners interested in going even *deeper* into Deep Learning vision systems - pun intended :)

1. Advanced DL architectures: [LeNet](), [AlexNet](), [VGGNet](), [Inception](), [ResNet]()
2. John Redmon's [YOLO]() (You only look once)
3. [Deep Dream Generator]() project
4. [Generative adversarial networks]() (GANs)
